

Become a Member of VCE

VCE is a membership organization. We do not have dues, but we depend on your contributions to support our cutting-edge work with citizens throughout Vermont to empower us to protect the environment in our communities. If you are able to make a substantial donation, know that you are making up for those less fortunate, whom VCE assists on a daily basis. VCE is environmental justice in action. Keep the funding coming and we will keep working for you and future generations.

We are making a difference!
